Dear David,

I have used Midwestern for many years, through two companies and wanted to commend you and your staff. Midwestern has always given me peace of mind and trust in knowing the job would be excellently done. Often meeting and exceeding our expectations. Midwestern represents top-line carriers by ensuring their licensing, insurance, authority, and shipping records meet their high standards. Midwestern is also always available on short notice situations, and handles these very professionally.

Midwestern has handled many shipments without fail, and is transparent within our transportation network. If there is an issue, they handle it fairly, quickly, and correctly for all parties involved.

Thanks to you and all your staff for these extra efforts that distinguish Midwestern from ordinary brokerages. I am very grateful for your services and believe Midwestern is truly "The Right Way to Ship".

Sincerely,

David Roseberry
